Kellerei · Cantina
Andrian

Tradition in motion. Since 1893.

The Selections

Selected late-harvest and hand-picked grapes, together with diligent work in the vineyards and in the wine cellar, result in distinct yet elegant, finely structured, and multifaceted wines. Doran, Anrar, Gant and Tor di Lupo, as well as Juvelo, are matured in small oak barrels, while Andrius achieves its greatness largely in stainless steel and minimally in oak barrels.

Andrius

Sauvignon Blanc DOC

A complex, multifaceted Sauvignon Blanc named after the pre-roman designation of its place of origin. With delicate tannins, pronounced aromas, and an intensive nose, it represents an especially successful interpretation of this variety of grape.

Doran

Chardonnay Riserva DOC

Selected grapes from the best chalky soils are the heart of this rich and complex Chardonnay. An international class wine which perfectly expresses its terroir and that captivates with its fruity aromas, the vivid acidity and the extraordinary aging potential.

Juvelo

Gewürztraminer Passito DOC

Its intense golden color and awe-inspiring flavors make this velvety gewürztraminer passito an exceptional and rare gem.

Anrar

Pinot Noir Riserva DOC

In particular vintages selected Pinot Noir grapes from medium-altitude sites form the basis of this great Burgundy. Complex multilayered fruit, slightly smoky undertones as well as the long finish are giving it an outstanding aging potential.

Gant

Merlot Riserva DOC

The majestic Gantkofel – the mighty mountain dominating the landscape of Andriano – stands guard over the gently rolling hillsides and their vineyards of the broad Adige Valley. Distinct and elegant, with profound depths and well-balanced taste: apparent contradictions which combine in this rich Merlot to form a harmonious whole.

Tor di Lupo

Lagrein Riserva DOC

High above the historic vineyards of Andriano looms the Wolfsthurn Castle (Tor di Lupo): imposing and sublime like the Lagrein named after it. Its richness and strong color lend this Alto Adige variety of grape an especially authentic expression.

Classic wines

The mid Adige Valley enjoys a Mediterranean climate. The grapes grown here benefit from the abundance of sunlight and the well-aerated limestone/porphyry soils. Six of our classic wines are especially characteristic of their origins and have been therefore given a correspondingly denotative designation.

finado

pinot bianco DOC

Finesse and elegance make this Pinot Bianco a worthy ambassador of the South Tyrolean terroir. Characterized by a delicate fragrance of apples this Pinot Bianco combines varietal charisma with a mineral finish.

somereto

chardonnay DOC

Fresh, exotic fruity aromas characterize the South Tyrolean Chardonnay. Here, it enjoys the benefits of an especially early and warm spring – also known as the small summer.

floreado

sauvignon blanc DOC

This aromatic Sauvignon Blanc is defined by flavors as floral as its name. It's an aromatic, rich, and racy wine with a scent of white blossoms.

bocado

schiava DOC

Mellow and harmonious – that describes this typical regional Schiava. The elegant fruit flavors with strong nuances of almond and cherry give this wine its distinctive character.

rubeno

lagrein DOC

The first documented mention of Lagrein dates back to the 17th Century. It is thus one of the oldest varieties of grape native to Alto Adige. Its full, mature grapes lend this wine a characteristic deep-red color.

Classic wines

Selected grapes from slopes rich in tradition, a high degree of maturity, and extremely careful vinification all combine with the typical maturation in a large wooden cask (red) or in steel (white) to yield our classic wines, which reflect this unique terroir.

movado

gewürztraminer DOC

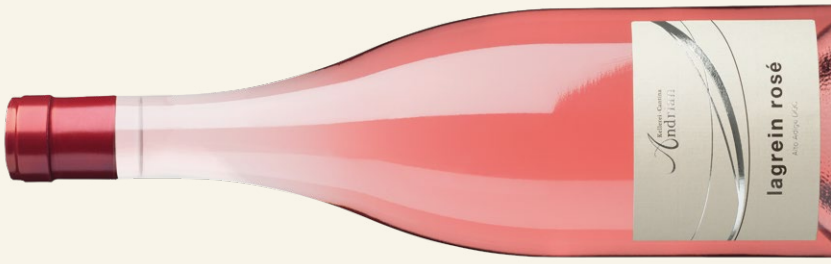
A dry expression with lively acidity, the Movado is an authentic South Tyrolean Gewürztraminer, with captivating aromas of lychee and rose petals, following through on the palate with elegance and vibrancy in perfect harmony.

pinot grigio

müller thurgau

pinot noir

lagrein rosé



"Tradition in Motion" is the motto of Cantina Andriano, which was founded as Alto Adige's first winemaking cooperative in 1893. Andriano stands for motion in the sense of a constant force that is constantly seeking new paths to carry old traditions forward into the present and preserve them for the future.
