# LUNAE CAVAGINO VERMENTINO COLLI DI LUNI DOC 2024

“

“A Vermentino from a single vineyard at around 250 metres above sea level with a distinctive microclimate, fermented partly in steel and partly in wood. With dominant aromas of Mediterranean scrub and salty notes, it combines sapid vigour with a rounded volume without affecting the lengthy finish. An inviting drink, perhaps at sunset.”

- Alessandra Piubello, April 2026
