

FRANCO SERRA GAVI DOCG

Franco Serra is produced by the Sperone family. In 1911, Antonio Sperone opened a small wine shop in Torino, then founded his own winery in Puglia and a bottling facility in Torino to offer quality wines at accessible prices. In 1983, the family purchased 75 acres of prime Piedmont vineyards and built the current winery in Mombaruzzo, near Monferrato.

Light-bodied, crisp and clean with wonderful, sweet fruit and floral aromas. Dry and pleasant with soft fruit flavors, buoyant acidity and hints of minerality.
