Vallenuova Chianti Classico DOCG 2021

Grapes are first selected during harvest in the vineyard and then by an optical sorter when they arrive at the winery; they are destemmed and the whole berries are immediately placed in stainless steel tanks. Fermentation is temperature-controlled, and the must is kept in contact with the skins for 20 days. The wine matures for 10 months in a mix of Tuscan, Slavonian, and Austrian oak casks. The name Vallenuova is the historic name of the site and is still today the formal address of the winery.
