

Château Dompierre

Dompierre Pauillac

Château Dompierre's Pauillac is the estate's flagship red cuvée, a wine that boldly marries the power of Médoc terroir with Burgundian finesse. Crafted from a meticulously maintained 2.5 hectare vineyard on the coveted plateau of Saint-Lambert (near Château Latour), this expression is composed entirely of 100% Cabernet Sauvignon and yields just around 11,000 bottles annually. The result is a wine that defies traditional Bordeaux, delivering exceptional fruit purity, velvety sweetness, and an extraordinary balance of power and tannic finesse.

Vineyard Location: Plateau of Saint-Lambert

Vinification and Aging:
