Dipinti

Pinot Noir Trentino DOC

This wine is produced from Pinot Noir grapes grown on 20-year-old vines planted in well-drained sandy and gravelly alluvial soil. Pinot Noir is also known as Pinot Nero in Italian. Vinification includes stainless steel fermentation to express the varietal character.

Grape varieties : Pinot Noir

Altitude : 400-500m ASL

Exposure : Southwest

Soil : Well-drained sandy and gravelly alluvial soil of medium fertility

Alcohol : 12.5%

Tasting notes :

This wine has a ruby-red core with aromas of red berry fruit that are echoed on the palate, along with hints of licorice, fennel and a touch of cinnamon. Medium-bodied and low in tannin, this wine pairs well with grilled tuna, swordfish and salmon. Also great with poultry, pork and many other foods.
