

## *Picpoul de Pinet*

This is a selection of organic plots reserved for the family's own production. 90% of their grapes are sold to the local cooperatives, but this special vineyard is located on soft slopes overlooking the lagoon with limestone/chalk soils. Vinification and elevage takes place in stainless steel tanks.

Domitia is a selection of vineyards from Domaine Guillamarine, owned by sixth generation growers Guillaume Allies and his wife, Marion. This estate is located in the small, tranquil village of Pomerols in Southern France's Languedoc region. The vineyards face a salted lake called 'Bassin de Thau' adjacent to the Mediterranean Sea, where oyster beds abound. The vineyards benefit from a gentle micro-climate which helps grapes reach ideal ripeness and therefore produce lively, fruit-driven wines.

**Grape varieties :** 100% Picpoul

**Soil :** Limestone/chalk soils

**Alcohol :** 12.5%

**Tasting notes :**

The wine shows surprising complexity with notes of spring flowers and a streak of minerality that provide a beautiful framework. Because the wine finishes with such clean and bracing acidity, the rich mid-palate of melon and stone fruit is a delightful surprise. This charming wine begs for warm & sunny days, shellfish & seafood.
