

*Bobal DO Valencia*

Organic viticulture and hand-picked grapes from bush vines in Requena, specifically the Casa Segura estate vineyards with well-drained, sandy soils.

Vinification and elevage in a mixture of stainless steel, concrete tank, and foudre.

Grape varieties : Bobal

Altitude : 700m ASL

Soil : Primarily limestone and sandy soils

Alcohol : 13%

Tasting notes :

A lighter and approachable style of Bobal with aromas of brambly crushed berries and tapenade. The bright red fruit flavors carry on the palate with notes of wild herbs (like those found in the vineyards - thyme, fenugreek, fennel) and citrus peel. Gentle, chalky tannin provides structure and length.
