

## Parusso

## Barolo Bussia DOCG

\*

This wine was made from Nebbiolo grapes harvested from the Roche and Munie vineyards located in the hamlet of Bussia in the region of Monforte d'Alba in Piemonte.

A long maceration on the skins is followed by temperature-controlled fermentation that occurs in the presence of indigenous yeasts. The wine spends 18 months aging on the lees in oak barrels before bottling.

Grape varieties : Nebbiolo	Press Notes	
Altitude : 280-300m ASL	Decanter
