

Andriano

Floreado Sauvignon Blanc Alto Adige DOC

The grapes are handpicked for this classic wine from parcels in the northeastern area of the Andriano vineyards. This area is known for producing Sauvignon Blanc with wonderful acidity and fresh aromas because of the cooler climate and longer growing season. The grapes are vinified in stainless steel tanks at controlled temperature and then the wine matures on the lees for 6 months before bottling.

Grape varieties : Sauvignon Blanc

Altitude : 360m ASL

Exposure : Northeast/Southeast

Soil : Clay and lime soil with the presence of calcareous sedimentary dolomite stones

Alcohol : 13.5%

Residual Sugar : 3 g/l

Tasting notes :

The wine is light yellow with reflections of green. The pretty bouquet has notes of intense fruit and flowers, which transfers to the palate with nuances of elder blossom and ripe fruit. This elegant, crisp Sauvignon has a long, gentle finish.
