Domaine Marc Morey: White Burgundy at its Finest? In the southern part of the Côte de Beaune stands one of the world's most coveted destinations for exceptional Chardonnay: Chassagne-Montrachet. Under the supervision of Sabine Mollard (Marc Morey's Granddaughter), Domaine Marc Morey is considered one of the most reputable estates in the Côte de Beaune and produces wines known for their finesse, freshness, minerality, and opulence. Located in the heart of Chassagne-Montrachet, Domaine Marc Morey is a renowned family estate established in 1919 by Fernand Morey. As an early pioneer in estate bottling, Fernand's forward-thinking approach laid the groundwork for the Domaine's esteemed reputation. His son, Marc Morey, took over the winery in 1944, expanding the estate and reinforcing its dedication to crafting wines that authentically reflect their terroirs and origins. Today, the Domaine is managed by Marc's granddaughter, Sabine Mollard, who applies a meticulous approach to both viticulture and winemaking. Under her guidance, the Domaine has not only maintained but cultivated its reputation for producing wines of elegance, depth, and precision. The estate encompasses around 9.5 hectares of vineyards, with a significant focus on premier cru plots in Chassagne-Montrachet, as well as holdings in Puligny-Montrachet and Saint-Aubin. This portfolio allows the domaine to explore the nuanced expressions of Chardonnay across different terroirs, each plot contributing its unique characteristics to the estate's offerings. Sabine's philosophy revolves around a deep respect for the land and a commitment to sustainable viticulture. The Domaine practices *lutte raisonnée*, which involves minimal intervention and the careful use of treatments only when necessary. This approach ensures that the vines are healthy and resilient, capable of producing fruit that truly reflects the terroir. Sabine's dedication to the craft, combined with her innovative mindset, ensures that each bottle of Marc Morey wine is a testament to the unique qualities of its terroir.

Owner : Sabine and Bernard Mollard
