

SAINTSBURY

Sonoma, California

Saintsbury was founded in 1981 by Richard Ward and David Graves. Richard's family and David still own and operate Saintsbury as a small family winery to this day. One of the original wineries that helped establish the Carneros AVA, Saintsbury combines creativity and passion with traditional Burgundian winemaking practices to produce site-specific wines with balanced fruit, classic structure, and the potential for aging. Saintsbury endeavors to create wines that reflect the purest expression of their vineyard source.

Owner : David Graves and the Ward family

Winemaker : Tim Colla

Varietals planted :
Chardonnay, Pinot Noir
