

## DANIEL GEHRS WINES

*Santa Barbara County, California*

Daniel Gehrs Wines is a small, family owned and operated winery featuring small lots of hand-crafted wines. With over 30 years of experience, Daniel's wines are made in a classic old-world style that is exceptionally approachable to both novice and oenophile alike. Daniel Gehrs Wines is the personal expression of winemaker Daniel Gehrs, whose vision of wine is simply this: "The holy grail of my winemaking is the taste of the grape on the day of harvest." Dan hastens to add: "The first duty of a wine is to be interesting. Life is too short for boring wines". Closely following this dictum is a second, simply put "A wine must taste good. Not just for 'tasting' but for 'drinking!'"
