Viñas del Lentisco - Villota is owned, operated, and founded by Carmen Pérez-Garrigues and her father Ricardo Pérez- Villota, the fourth and third generations of the Pérez-Villota family, a line of growers that have been rooted to the San Rafael estate in Laserna, Laguardia on a meander of the Ebro River since 1930. From the early 1940's through 1973, the Pérez-Villota family were CVNE's top grape supplier at Viña Real. In 1973, the Villota family cofounded Viñedos del Contino, Rioja's first single estate winery with José Ángel Madrazo and CVNE. The partnership lasted until 2013, when the Villota family broke off, taking the historic family estate with them, and founded their own winery under the Villota brand on this historic plot of land.
