

VIÑEDOS Y BODEGAS SIERRA CANTABRIA

Rioja, Spain

Products

A true First Growth of Rioja, the Viñedos y Bodegas Sierra Cantabria group is owned and operated by the Eguren family. For over 150 years and through five generations, the Eguren family has been at the forefront of Rioja's winemaking heritage, pioneering single-vineyard expressions and elevating the region's terroir to new heights. Rooted in the village of San Vicente de la Sonsierra, their journey began as viticulturists, tending to the vines that would one day shape some of Spain's most celebrated wines. With an unwavering dedication to Tempranillo, the family has meticulously studied the microclimates, soils, and altitudes of their vineyards, crafting wines that capture the purest expressions of this noble grape and timeless village. Bodegas Sierra Cantabria, founded in 1957 by third-generation winemaker Guillermo Eguren, was born from a vision to transform the family's exceptional vineyards in San Vicente into world-class wines, following the tradition of Rioja's aging classifications. Today, under the leadership of fourth-generation brothers Marcos and Miguel Ángel Eguren, the estate continues to uphold its commitment to estate-grown fruit, classic Rioja craftsmanship, and meticulous vineyard management. Focused on traditionally classified Rioja wines—Crianza, Reserva, and Gran Reserva—Bodegas Sierra Cantabria remains a benchmark for elegance. Rioja wines marked by the freshness and minerality of San Vicente de la Sonsierra. Viñedos Sierra Cantabria, established in 2001, represents the family's deep connection to their land, with an unwavering focus on single-vineyard, terroir-driven wines. These bottlings highlight the unique microclimates and soils of San Vicente de la Sonsierra and neighboring Labastida, resulting in an extraordinary collection of wines that showcase the depth and diversity Tempranillo can achieve in the myriad terroirs found within the Sonsierra Riojana. As of the 2024 vintage, the Egurens have completed their magisterial property on the outskirts of San Vicente. An imposing and monolithic structure built from solid blocks of sandstone extracted from the mother rock, this cutting-edge winery hides one of Rioja's most confidential secrets - over a kilometer of subterranean tunnels where the family carefully ages their most treasured cuvées. The fusion of these two legacies—classic and contemporary—led to the creation of Viñedos y Bodegas Sierra Cantabria. This unified portfolio celebrates the timeless tradition and innovative spirit of the Eguren family. From structured, mineral-driven Tempranillos to complex, age-worthy whites, each wine is a tribute to the land and the meticulous craftsmanship that defines the family's winemaking philosophy.
