

## PŌKENO WHISKY

*North Island, New Zealand*

PŌKENO

NEW ZEALAND SINGLE MALT WHISKY

### Products

Distillery Location: Pōkeno Valley, North Island, New Zealand Forged from the unique cultural and natural landscape of New Zealand, Pōkeno Whisky is a bold expression of Kiwi spirit—uncompromising, adventurous, and proudly distinct. Nestled in a warm, misty valley protected by volcanic hills and nourished by pure spring water, Pōkeno's state-of-the-art distillery is a hidden gem where tradition meets innovation. Driven by a commitment to craft and quality, Pōkeno employs long fermentation, slow distillation, and small-batch production, allowing for deep flavour development and a truly handcrafted touch. Only the finest casks are selected for maturation, and the warm sub-tropical climate of the region naturally accelerates ageing—infusing the whisky with exceptional body, richness, and complexity. Pōkeno is more than just a whisky—it's a celebration of New Zealand's character and a journey of discovery into world-class single malts that are as distinctive as the land they come from.
