

Yéyo Tequila

Blanco Tequila

Organic, no additives. Estate grown. Sustainably farmed with no pesticides or fertilizer. Made using Champagne yeast and Copper pot stills for distillation. Agave cooked in brick ovens for over 53 hours. Yéyo Tequila takes its name from Sergio Cruz, the master distiller for the Yéyo brand. Sergio Cruz is not only a master distiller but also a proud owner of the Yéyo brand; his signature graces the front of every bottle. In honor of his outstanding craftsmanship, we decided to christen the brand "Yéyo," a familiar nickname in Mexico for individuals named Sergio. Additive free.
