

## Sokol Blosser

### *Dundee Hills Estate Rosé of Pinot Noir*

This wine is made from Pinot Noir from Sokol Blosser's Concert Block, the large, central block at the front of our Estate that was once the site of the famous Sokol Blosser concerts in the 1990's. The majority of the Concert Block section is made up of Missoula flood soil, a sedimentary soil which lends itself to producing Pinot Noir that is lighter and delicate, perfection for a Rosé.

**Grape varieties** 100% Pinot Noir

**Soil** Missoula flood soil, a sedimentary soil

**Alcohol** 12%

#### Tasting notes

Notes of nectarine, honey crisp apple, honeydew melon and floral hints on the nose. On the palate, mouth-watering acidity is accompanied by candied strawberry, cantaloupe, and a touch of vanilla.
