## *Bourgogne Hautes Côtes de Nuits*

Vineyard Location: 2 ha vineyard is located in the commune of Arcenant. High vines (6'), low density, at an altitude of 400 meters. Traditional vineyard management based on sustainability principles. Selective pruning, along with optimized leaf pulling, green harvest when needed, and plowing of the soils. Because of the altitude, the harvest starts an average 2 weeks after the rest of the estate. The grapes, once cut, are brought back to the winery in less than 20 minutes.

**Grape varieties** 100%  
Chardonnay

**Altitude** 400m ASL

**Soil** Limestone and marls from the Jurassic period

### **Tasting notes**

Pale yellow gold color. Notes of honeysuckle, apple, and nuts. Fleshy, well balanced, and rich flavors. Good aging potential.
