

Teso La Monja

Romanico Toro

Vineyards: Ungrafted and grafted vineyards planted on high density trellises in the vineyards of Valdefinjas and Toro

Grape varieties 100% Tinta de Toro

Soil When Teso la Monja was founded, the Eguren brothers sought out northern facing vineyard sites with Toro's characteristic sandy soils. but with a higher percentage of clay and "canto rodado" or galets on the surface to mediate the diurnal shift that Toro that is characteristic to these high altitude sites in the Duero valley. These sites typically achieve phenolic ripeness at least two weeks earlier than sites planted on pure sand.
