

Tolaini

## Chianti Classico DOCG

2024 is the first vintage of Tolaini's new Chianti Classico. The label pays tribute to the historic Cerretani family, an ancient Sienese lineage documented since the 11th century and connected to these lands as early as 1090. The Cerretani played an important role in Siena's political and cultural life and were also custodians of vineyards that shaped the landscape and winemaking tradition of these hills. Their vine-growing lands contributed to wines that reflect the identity of Chianti Classico.

**Grape varieties** 95% Sangiovese, 5% Canaiolo

**Soil** The soils at San Giovanni a Cerreto are composed of yellow quartz sands and marine conglomerates with rounded pebbles and fossilized seashells. Loose, light-textured, and highly permeable, these reflective yellow soils help promote even ripening.

### Tasting notes

Ruby red, the nose shows hints of strawberry and ripe black cherry.
