## *Cenerentola DOC Orcia*

The DOC Orcia wine region was created in 2000 in Tuscany between the Brunello di Montalcino and Vino Nobile regions. There are similarities between the wine and the young woman in the fairy tale: both have two stepsisters, more famous and richer than them, and in the case of the Cenerentola DOC Orcia they are two neighboring wine regions for the Brunello and Nobile wines.

**Grape varieties** 65% Sangiovese Grosso, 35% Foglia Tonda

**Altitude** 400 m ASL

**Soil** Calcareous clay

**Alcohol** 15%

### **Tasting notes**

Aromas of particular intensity, complexity and finesse. Ripe red fruits with some floral notes of violets and darker and spicy notes of pepper, juniper and citrus. Intense, round, and harmonious on the palate. Long, pleasant and savory finish.
