

Andeluna

## *Raices Cabernet Sauvignon Mendoza*

The grapes used to make this wine come from Andeluna's own vineyards located in Mendoza, at 700m ASL. This area is characterized by having soils poor in organic matter, low rainfall and very little humidity, which are ideal conditions for producing healthy and quality grapes.

**Grape varieties** Cabernet Sauvignon

**Altitude** 700m ASL

**Soil** Rocky, sandy and calcareous

**Alcohol** 14.3%

### **Tasting notes**

Red violet tones. Aromas of ripe red peppers, black pepper and red fruits. Balanced, with great structure and integrated, rounded tannins. Delicious with mature cheese and grilled meat.
